

Quality Assurance Technician

Based at the Lake District Creamery

First Milk is a British farmer-owned co-operative with a vision to create value for members by delivering long-term dairy prosperity and security. At First Milk we are proud of our multi award winning cheddars and as part of our strategy for continuous improvement and people development, we are recruiting a Quality Assurance Technician reporting to the Quality Assurance Manager.

As the Quality Assurance Technician you will be on hand to provide technical support and guidance to staff on a day to day basis, ensuring that site standards relating to processing, meeting specifications and behaviours reflect agreed legal and customer requirements and taking appropriate decisions to deliver Food Safety and Quality objectives. To deliver the Company's agreed standards for Good Manufacturing Practice by coaching and training staff across all functions.

Knowledge, Skills and Experience

- Intermediate Food Hygiene qualification.
- Intermediate HACCP
- Internal Audit experience and a recognized qualification is desirable
- Pest Awareness
- Risk Assessment
- IOSH – Desirable
- Basic Dairy Science & Microbiology – Desirable
- Ability to work on own initiative, applying knowledge and experience to different situations
- Excellent attention to detail
- Ability to interpret data and take necessary action
- Root cause analysis desirable
- Computer literate

The role is shift based working on average 42 hours per week on a 4 on 4 off day shift pattern

We look forward to hearing from you.

Please send all CV's to recruitment@firstmilk.co.uk

The closing date for applications is Wednesday 26 June 2019
